Contract Absences

REMINDER: To receive credit, please notify the ice chair and the treasurer by submitting the [Contract Ice Absence Form](#) at least 12 hours before the session.

Skaters are allotted **two (2) absences per contracted day**, combined into **one total number of absences allowed** for the contract period. Absences can occur **on any contracted day**. Exceptions are allowed for illnesses and injuries.

- *For example, if a skater contracts club ice sessions on Monday and Sunday, they receive **four (4) total absences** for the contract period. Suppose the skater knows they will be out of town for competitions on **4 of the 4 Sundays** during the Spring Contract Period. The skater may use **all four absences** for those Sundays and will receive credit for each missed session, **if the skater submitted a [Contract Ice Absence Form](#) at least 12 hours before each planned absence.***

Credits will be provided on a **blue punch card**, issued by the Ice Chair. The punch card will reflect only the number of credits earned for missed sessions. These credits may be used for any club ice session. Please note, when using a blue punch card, if a session reaches capacity, the skater's priority will be the same as all other punch-card holders.

Late Fee for Payments

A \$25 late fee is charged for payments received more than 10 days after the due date. Returned checks are subject to a \$25 fee. Failure to uphold your financial obligation will affect skater's eligibility to test and compete.
