Report from the Ice Chair
Brown presented a proposal to adjust the "Early Bird" discount structure for Club Ice contracts: Home Club Members would be allotted a priority window of nine days to purchase contracts; this priority window would be followed by a period of seven days, during which all CFSC Members (Home Club and Non-Home Club) would qualify for the "Early Bird" discount. The following twelve days would constitute the regular purchasing period during which all Members could purchase contracts at the standard rate. The Board voted to **approve** this stepped contract purchasing structure.

Brown presented a second proposal to align the Collegiate Member discount on "Early Bird" Club Ice contract purchases with practices documented in the CFSC Reference Manual. The 25% discount granted for the early purchase of Collegiate Member contracts is not to be combined with the standard 10% "Early Bird" discount. The Board voted to **approve** restoring the "Early Bird" Collegiate Member discount to 25%, as documented in the CFSC Reference Manual.
